Monthly Newsletter

March has brought innovative experiences and opportunities to HK. We celebrated the team's milestones with a glass of sparkling apple cider and savored sweet ice cream from our friends at [Craft Belly Delights](#) in honor of [National Employee Appreciation Day](#). Because of moments like these, we look forward to an optimistic future.

Employee Spotlight

When it comes to first impressions, our Intake Specialist, [Sally Hauger](#), knows how to provide the best experience. Since 2019, she has demonstrated reliability and compassion when responding to inquiries for new legal consultations. Although potential clients may feel distressed as they face emotionally charged family law situations, Sally's hospitality gives callers a sense of ease. She not only provides unparalleled customer service, but she is also an astounding team player. Cheers to you, Sally!

We are also thrilled to have **Wenjia Ma** on our team as an Associate Attorney. Tina Swithin is the founder of One Mom's Battle and author of the series, "Divorcing a Narcissist" which is available on Amazon and has been recognized by Book Authority as the 7th best divorce book of all time. We keep copies of Tina's books on hand at the office as a supplemental resource for our visitors and clients who may be divorcing narcissistic spouses. In 2020, Tina founded the High Conflict Divorce Coach Certification Program.

This month, we had the pleasure of welcoming Tina Swithin as a guest speaker at HK. She provided an overview of her journey, the One Mom's Battle organization, and Tina also shared what she's doing to help educate and reform the family court system in regards to custody rulings when dealing with Cluster B Personality Disorders.
