There is never a mundane moment at Hoover Krepelka, LLP. From incoming projects to welcoming new hires, April has been challenging us to reinvent the everyday into an adventure.

Behind the Scenes

Over the past year, we have welcomed over 10 new employees! However, finding an opportunity to create

headshots for everyone has proven to be a challenge. We decided to take matters into our own hands and create our own in-house photography studio.

This month, our Associates and Support Staff excitedly returned to the office for a scheduled three-day photoshoot to have everyone's portraits taken. Most employees participated, and we simultaneously were taught "Photography 101" by our seasoned photographers, Derek Eddy and [Michael Phillips](#). Derek and Mike trained us on photography intricacies, such as analyzing light and understanding the camera settings. As we continue to become expert photographers, we will now be able to capture new team members and update our office headshots as needed. We extend our sincere gratitude to our photography teachers, Derek and Mike!

New Hires

This month HK welcomes **Katherine (“Katie”) Moinpoor**, Associate Attorney. Katie comes to HK with family law experience from Bay Area Legal Aid, where she represented clients on all matters of family law, such as dissolutions, domestic violence, and child visitation and custody. We have no doubt in Katie’s ability to advocate for our clients and are glad to have her aboard.

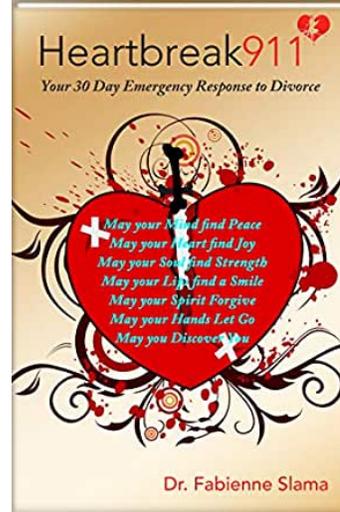

Meet Katherine

Additionally, we extend a warm welcome to **Stephanie Marroquin**, Legal Administrative Assistant. Along with our Support Team, Stephanie will be assisting our diverse group of 17 family law attorneys as well as our clients.

We look forward to working with Katie and Stephanie, and have a robust team roster to ensure our clients receive unparalleled service and excellence in legal representation at HK.

Community Partner Spotlight

Have you met the Doctor? We are thrilled to get our hands on **Dr. Fabienne Slama**'s recently published third book, [Heartbreak 911: Your 30 Day Emergency Response to Divorce](#) (available on Amazon.) The book guides readers through a 30-day process to guide and ease anyone experiencing a divorce.

In addition to authoring self-help books, Dr. Fabienne Slama is the founder of [FabYOUlious](#). She assists men and women in finding their confidence and healing after experiencing trauma and change in their lives, particularly divorce. We find Dr. Slama's program, [Stuck to Unstoppable](#), to be an excellent resource for our clients. The group meets bi-monthly, and offers participants support and an opportunity to rediscover humility and peace in their lives.
